

Starpower

Console

[kim]

Spinning dreams with angel wings

Torn blue jeans + a foolish grin

Burning down in the night

So cool + so right

Starpower starpower starpower

Over me

She knows how to make love to me

She knows how to make love

Close my eyes and think of you

Everything turns black to blue

Starpower starpower starpower

Over me Burning down in the night

Supercool it's alright

She knows how to make love to me

She knows how to make love

Close my mind when I think of you

Everything turns black to blue

Starpower starpower starpower

Over me
