

# Rent I Pay

[spoontheband](#)

I've been losing sleep  
Just nodding sleep  
That I wish that I knowed  
I lost all my tapes  
Back masking fees  
Just for asking  
Fees that I ought to be owed And that's the rent I pay  
Just like my brother would say it Out amongst the stars and the stones  
Every kinda fortune gets old  
Every kinda lie is gonna come back to me  
Just as I go And that's the rent I pay  
Like my brother said  
That's the rent I pay  
Rent I pay  
Like my brother said  
That's the rent I pay I've been losing sleep  
And I'm nodding sleep  
That I wish that I knowed Mmmm and I lost all my tapes  
back masking fees  
Just for asking fees  
Fees that I oughta be owed And that's the rent I pay  
Like my brother say it  
That's the rent I pay Rent I pay  
Like my brother say  
That's the rent I pay Everybody knows just where you been going  
Everybody knows the faces you been showing  
And if that's your answer, no I ain't your dancer  
And if that's your answer, no I ain't your dancer
