

Let There Be Love

Kenny Loggins

Love can be a game for two
But a real love
Take ya more than a little bit of time Ya gotta keep on makin' it
Though your arms are achin'
Your knees are shakin'
Your heart keeps breakin' down
That's what life is about Oh ho oh ho
Let there be music
Let there be candlelight
Let there be love Oh ho oh ho
Let there be young hearts
Sendin' up hungry sparks
Let there be love Life
Like a smile in the big boy's eye
He lit a little light
And brought it all in, in under seven days He said "I'm makin' 'em, a man and woman
I'll let run but before my work is through
There's still one thing that I got to do" Oh ho oh ho
Let there be music
Let there be candlelight
Let there be love Oh ho oh ho
Let there be young hearts
Sendin' up hungry sparks
Let there be love You wonder how it happens
You question if there'll ever come a day
We'll get your head out of your way Deep in the heart of me
The music, it plays the beat
It's like a part of me is turnin', turnin', turnin' Don'cha try to defeat it
'Cause I know ya just can't beat it
Somethin' inside a' me is burnin', burnin', burnin'
Burnin', burnin', burnin', burnin' Oh ho oh ho
Let there be music
Let there be candlelight
Let there be love Oh ho oh ho
Let there be young hearts
Sendin' up hungry sparks
Let there be love Oh ho oh ho
(Deep in the heart of me)
Let there be music

(The music, it plays the beat)
Let there be candlelight
(It's like a part of me is turnin', turnin', turnin' around)
Let there be love Oh ho oh ho
(Don'cha try to defeat it)
Let there be young hearts
(Cause I know ya just can't beat it)
Sendin' up hungry sparks
Let there be love
(Somethin' inside a' me is burnin', burnin', burnin', burnin') Oh ho oh ho
Let there be music
Let there be candlelight
Let there be love Oh ho oh ho
Let there be young hearts
Sendin' up hungry sparks
Let there be love Oh ho oh ho
Let there be music
Let there be candlelight
Let there be love
