Try

Los Llamarada

Yeah, yeah You scale, you fall Sometimes it seems impossible But your hopes and dreams Are closer than they seem Why not give yourself a chance, nothing's gonna hold you back Everything you want is right there waiting What you wanna do? Gotta have some faith in you Don't you know that you can have it all? If you try and you just believe You can, you will Reach inside, don't be scared to dream You never know until, until you try, just try Your fears and doubts They find a way to break it down But it's not the end You can ride back up again Why not give yourself a chance, nothing's gonna hold you back Everything you want is right there waiting What you wanna do? Gotta have some faith in you Don't you know that you can have it all? If you try and you just believe You can, you will Reach inside, don't be scared to dream You never know until, you try What's the matter with believing That you can do anything? Take control and make the future What you want it to be and that's when you'll see If you try and you just believe You can, you will Reach inside, don't be scared to dream You never know until Until you try and you just believe You can, you will Reach inside, dreams are possible Never know until you try

No, no, no, just try, try
