

Is It So Strange

Elvis Presley, Carl Perkins, Jerry Lee Lewis & John

Oh, if you tell a lie
You know, that I'll forgive you
Though you say our love is just a game
And when you hear my name
You'll say I'm from a strange world
But is it so strange, to be in love with you? Is it so strange
That I love you more than all the world?
Is it so strange
I have no eyes for any other girl?
Oh, won't you take me back
And say that you still love me?
To waste a love like ours would be a sin
Let us kiss again, let me hold you near
And take me from this strange world
That I'm living in, oh
