Nothing to hide

Guarapita

(INTRO)
MMMM>...
Cause I don't ever ever wanna see you lonely
Cause your love is something that you just don't push aside
And I'll promise that I'll give you all my lovin'
Girl I'll open up my heart because there's nothing to hide

ooh..oh nothing to hide
ooh..oh nothing to hide
(VERSE 1)
Girl open up your heart and let your love shine through
Cause what's inside you can't deny
Them other guys were schoolin' you
I realize it from the start
All the games played on your heart
Cause I've been watchin' you for so long
The love I witnessed wasn't wrong

(Chorus)
I would never ever wanna see you lonely
cause your love is something that you just don't push aside
And I'll promise I will give you all my lovin'
Girl I'll open up my heart because there's nothing to hide

ooh..oh nothing to hide
ooh..oh nothing to hide

(VERSE 2)
Girl lets just fall in love
And start a family
Cause i know the man above
Made you especially for me
I promise I would give my all
To support your every need
I would sacrifice my life
To fulfill your every dream

(REPEAT CHORUS)

(VERSE 3)

I'd be tossin'
I'd be turnin'
Just feeling all your pain
I say the fire still burnin'
Cause all of remains
I promise we could last forever
I'll never make you cry
I know that we could make it
Cause there's nothing to hide

Cause I don't ever ever wanna see you lonely
Cause your love is something that you just don't push aside
And I'll promise that I'll give you all my lovin'
Girl I'll open up my heart because there's nothing to hide

ooh..oh nothing to hide
ooh..oh nothing to hide
