

Waist

Skinny Fabulous

Guess who came round today
Ex-girl and the girl snooping
The twinkle toes and sparkle eyes
Everything is a new surprise
They're gonna spend some super cash
Spend it all on the boy smash
And all the glamor is all the time
Silver jacket and a twist of lime
Well hope you don't waste away
Yeah hope you don't waste away
You better not waste away
Ooh yea, don't waste away
I've seen it happen before
Girl slipping out the door
Sneaking into Agnes B
Throw away everything
You've been a waste away
You've been a waste away
You've been a waste away
You've been a waste away, now
Walk up to her and say
I'd love you anyway
Sweet subtle super style
Wonder how to make an angel smile
Don't let me waste away
Don't let me waste away
Don't let me waste away
Don't let me waste away
Wow
