

On Thin Ice

Obey the Brave

Game on! Ok then, why do you act so surprised?
We all warned you
Who do you think you are?
After what you put us through
You play like you own the rink
See, that's the thing, we gave you fair warning I knew it from the start.
Someday, our lives would part.
We were boys but you paid the price.
You should have known, old friend.
You were on thin ice.
Thought this was your dream then why is it a nightmare?
We're past the point of just playing nice
You should have known, old friend
You were on thin ice Ok then, what the fuck did you expect?
We all warned you
Was it worth losing your place?
Some things you just can't do
Oh well, we gave it a try
This is goodbye So this is how it all ends
This is how it all ends
This is how it all ends
Goodbye, old friend
This is how it all ends
This is how it all ends
This is how it all ends
Goodbye, old friend
Thought this was your dream then why is it a nightmare?
We're past the point of just playing nice
You should have known, old friend
You were on thin ice
Thought this was your dream then why is it a nightmare?
We're past the point of just playing nice
You should have known, old friend
You were on thin ice Don't take it wrong
Let's give it a rest
You just didn't belong
Still, I wish you the best
We were boys but you paid the price
Next time, I bet you'll think twice

On thin ice Thought this was your dream then why is it a nightmare?

Thought this was your dream, why does it seem like you don't care?

Thought this was your dream then why is it a nightmare?

We're past the point of just playing nice

You should have known, old friend

You were on thin ice

On thin ice
