

Jubilee

Jon Dee Graham

The horizontal sunlight
Sideways through the trees
Little baby November crawlin' up
On hands and knees
Now time is
Time is quick
Time should be ashamed
Time should pack it's shabby bag of tricks and go away

Spin away from me
Spin and turn
(spin and turn) Jubilee
(live and learn) Live and learn
(spin away) Jubilee

Get a look at the young man
Whole world fits in his hand
Count to ten, then look again
And you begin to understand
Now, look at the grown man
His pockets full of years
Count to nine
Pour the wine
Watch it disappear

Spin away from me
Spin and turn
(spin and turn) Jubilee
(live and learn) Live and learn
(spin away) Jubilee

Spin and turn (spin and turn)
Jubilee (jubilee)
Live and learn (live and learn)
Jubilee (jubilee)

(Repeat)
