

# Forever and Always

## Bullet for My Valentine

Advisory - the following lyrics contain explicit language:

Forever and always The time is here again, prepare to be apart  
And it drives you crazy  
Each time I go away the distance gets longer  
But it makes us stronger Should it all come crashing down around me?  
Would you be there?  
Should I stumble or fall and pick up the pieces? Oh, forget about the shit that we've been through  
I wanna stay here forever and always  
Oh, standing here in front of all of you  
I wanna stay here forever and always These days are dead again, it's empty from the start  
And it drives me crazy  
The hours drift away, it hurts to remember  
This will soon be over Should it all come crashing down around me?  
Would you be there?  
Should I stumble or fall and pick up the pieces? Oh, forget about the shit that we've been through  
I wanna stay here forever and always  
Oh, standing here in front of all of you  
I wanna stay here forever and always Forever and always  
Always, always, always  
Forever and always Oh, oh, oh, forever and always  
Oh, oh, oh, forever and always  
Always, always
