Backup

Lunik

Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Now I wake up in the morning
Get out of bed
Go to school get good grades to put myself ahead
Now I work so hard for everything I got
Now who the fuck is Jerry to tell me that I'm not?
And I say backup
Don't touch me again
I'm gonna beat your family and your best friend
I said backup, backup you're fuckin' with the wrong crew
You won't talk shit to my face but I'll talk shit to you
Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Now I'm not the kind of kid who will prejudge another man
But I'll tell you one thing for sure
I hope you'll understand
Cause cocky motha fuckas, that talk shit on my set
Are gonna get a whoopin'
One they won't forget
And I say backup
Don't touch me again
I'm gonna beat your family and your best friend
I said backup, backup you're fuckin' with the wrong crew
You won't talk shit to my face but I'll talk shit to you
Why I ain't your buddy
Why I ain't your buddy

Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
Why I ain't your buddy
The truth of the matter is you couldn't back up any further
You hide behind a grapevine and I'm on another server
I'm tired of playing these games with you I really contest
If you try to fuck me up boy, You're gonna get bucked back
And I say backup
Don't touch me again
I'm gonna beat your family and your best friend
I said backup, backup you're fuckin' with the wrong crew
You won't talk shit to my face but I'll talk shit to you
You won't talk shit to my face but I'll talk shit to you
You won't talk shit to my face but I'll talk shit to you
You won't talk shit to my face but I'll talk shit to you
If you don't talk shit to my face I'm gonna beat on you
