Firestarter

Samantha Jade

You can be my matchstick, light me up
If you love me in the way that i want it, play the partCome and lay me down down d-down down
Only take a minute, starting my ignition, yeah
Its gonna burn when you touch me, when you touch meWe, we're flying recklessly tonight,
Go on and take me higher, you can be my firestarter
Ohhhhhh
We, we're flying recklessly tonight,
Go on and take me higher, you can be my firestarter
OhhhhhhCome on run the red light, don't you stop
Cause i love the way you're playin it honest to get in the darkCome and lay me down down d-down down
Only take a minute, starting my ignition, yeah
Its gonna burn when you touch me, when you touch meWe, we're flying recklessly tonight,
Go on and take me higher, you can be my firestarter
Ohhhhhh
We, we're flying recklessly tonight,
Go on and take me higher, you can be my firestarter
OhhhhhhThere you are like a flamethrower to my heart, yeah yeah yeah
Got the things that i need to make it start, ohhh.
F-f-flamethrower f-f-firestarter, f-f-flamethrower f-f-firestarter, f-f-flamethrower f-f-firestarter, f-f-flamethrower f-f-firestarterWe, we're flying recklessly tonight,
Go on and take me higher, you can be my firestarter
Ohhhhhh
We, we're flying recklessly tonight,
Go on and take me higher, you can be my firestarter
Ohhhhhh
