

King Tide (live)

Neil Finn

It's a dark and empty room
The sun beating hard on your door
 Feel emotion roar within you
You're flesh and blood like anyone
 Make some sense of your life
Move your hand and make the mark
I don't know why you're so confused
You're flesh and blood, there's no excuse
 And the hunger inside
Won't go away, it's starting to rise
 And the longer you hide
 The more you deny
 And the sea rushes in
The wind is howling at your back
 The past is always overturned
It's a dead man who would refuse
And twice the man to fill his shoes
 And the hunger inside
Won't go away it's starting to rise
 And the longer you hide
 The more you deny
 And the hunger inside
Won't go away it's starting to rise
 And the sea rushes in
 Into my world
I can feel the king tide coming
 All my senses overflowing
 One night waiting out the back
 Horns'll blow and cymbals crash
 So paint a circle in the sky
I lay breathless in the arms of love
 There's a bruise on my back
 And a new understanding too
