Surf Colorado

Bowling for Soup

I saw you there, your long brown hair Falling on your face, the way it used to fall on mine

At one time, a long time ago

I still remember everything you said to me that nightIt's too bad and it's too late

You were such a big mistake

Please, don't call me anymore

I used to miss youThere's no surf in Colorado anyway

And it's a shame to hear you're happy

And you still look at me that way

There's no surf in Colorado anyway, yeah

She never waved at me or said "Good-bye"

One night, she just left me and her behindThere she goes and no one knows

What she does to my heart, still, she'll never know

How we speak across the room

Eye to eye, she's holding him, holding me soonIt's too bad and it's too late

Was it such a big mistake?

You don't call me anymore

And I still miss youThere's no surf in Colorado anyway

And it's a shame to hear you're happy

And you still look at me that way

There's no surf in Colorado anyway, yeah

She never waved at me or said "Good bye"

One night, she just left me and her behindRemember the first time, goddamn, we got so high

She held me so close that I thought that I might break

And now she's a mile high and I'm on Texas time

She traded rattlesnakes for bunny runs in Colorado SpringsYeah, there's no surf in Colorado anyway

And it's a shame to hear you're happy

And you still look at me that way

There's no surf in Colorado anyway, yeah

She never waved at me or said "Good-bye"

One night, she just left me and her behind
