

I Can't

Sammie

I had a good girl, but I did her bad
Now I'm thinkin'; how, I can get her back
She was my best friend, and I love her so
Hey, listen
And it's killin'; me, to ever think that I,
Would ever loose my pretty baby to some other guy
Can't nobody love you like I do
I'll do anything to get wit you girl [Chorus]
It's like a sun without shine baby
It's like a clock that don't tell time baby
No matter how I try baby
I can't I can't
You're the air that I breath baby
You're everything I need
Baby without you I'm so incomplete baby
I can't I can't It's been 3 months 2 weeks since I felt your touch
And a brotha can't eat can't sleep 'cause I miss you so much
Somebody take this weight off my shoulder
Baby I juss wanna hold ya
It gets hard without you in it if you ain't on my team then I know I ain't winnin' Remember when we first
started holdin' hands we couldn't let go
And now that we're separated baby I'm loosin' control
I'm starin' at this dead end street my lady don't know which way to go
I'm missin' your mind your body your spirit baby girl and your soul [Chorus: 2x] Remember when we first
started holdin' hands we couldn't let go
And now that we're separated baby I'm loosin' control
I'm starin' at this dead end street my lady don't know which way to go
I'm missin' your mind your body your spirit baby girl and your soul [Chorus]
