

Don't Give Up

Survivor

Its hard to see, and harder to do
Its easy to walk away and say the game is through
Its up to me, and it comes down to you
Its easy to throw it all away for something new

Chorus 1:

Dont give up, dont let go
Till we give it all weve got well never know
Dont give upDont you know, its taking its toll
Sometimes the road will lead us where wed never go
Look in my eyes and into my heart
With all of the time thats come and gone, weve come so farChorus 2:

Dont give up, dont let go
Till we give it all weve got well never know
Dont give up, hold on tight
Nothing is easy when its real, it feels so right

Yeah!

Dont give upSometimes it takes so long, to know whats right or wrong but if you believe enough, its all youll
ever needDont give up

Dont give up, hold on tight
Nothing is easy when its real, it feels so right

Yeah!

Dont give up
Dont give up
Dont give up,
Nothing is easy when its real, it feels so right

Dont give up
Dont give up
Dont give up
Dont give up
