

If I Don't See You Before You Leave

Teen Suicide

I can't find the book I'm reading
I don't know where I set it down
then I remember that you took it
when you left & moved out
hi love, it's been a while
since we were hereMick Foley, Tietam Brown
one dvd, 1000 Clowns
a roll of quarters, Xanax bars
one envelope, four hundred dollars
hi love, it's been a while
since we were here
if I don't see you before you leave
take care of yourself for me
my mom told me to say hi
she doesn't care you're getting high
hi love, it's been a while
since you were here
