

I Can Dream (Smokin Jo Presents TRNSSTR Remix)

Skunk Anansie

I'll be your sailor girl
I'll tip my cap to your parade
Life won't be dreary no
I'll be the waves inside your bed Pain is your beauty
It hurts the vision in our eyes
Your eyes are smiling now
They watch me cry, they watch me die, watch me die I can dream, I can dream
I can dream that I'm someone else
I can love, I can love
I can love whoa love someone else
My savior, my darling Your eyes seep through me
You think you hate the way I mince
I'm screwing yours dreams now
So cynical at your expense Oh what a sacrifice
All of my dreams will melt away
Oh so who's so special now
No one's more special, more than me, more than me I can dream, I can dream
I can dream that I'm someone else
I can love, I can love
I can love whoa love someone else I can dream, I can dream
I can dream that I'm someone else
I can love, I can love
I can love whoa love someone else My savior, my savior, my darling, my darling
My savior, my savior, my darling, my darling
I can dream, I can dream, I can dream, I can dream
I can love, I can love, love, love I can dream, I can dream
I can dream that I'm someone else
I can love, I can love
I can love whoa love someone else I can dream, I can dream
I can dream that I'm someone else
I can love love love, I can love love love
I can love whoa love someone else I can dream, I can love
I can dream, love My darling, my savior
My darling
Dream that I'm someone else
My savior
