Right On Back To You

Keith Urban

The rain's coming down hard tonight
Pulled the car over, now I'm sitting alone on the roadside
I tilt the mirror down and say to me
Why you always think the answers gotta be to just leave?
I'm making the same mistake
I'm hoping it's not too late because I
I don't know where I'd be without you now
I guess I get scared and that's why
I act like such a fool
'Cause you're the one thing I can't lose
I feel the tears coming and I wanna cry
I think of us, baby, and all the love inside
Comes shining through
And it always leads me right on back to you
I never felt it, I never knew
Someone who could get inside my soul the way you do, yes, you do
Yeah, you got me in the palm of your hands
It's beautiful and terrifying, can't you see? For someone like me
But instead of runnin', I know
It's when I should hold you closer because I
I don't know where I'd be without you now

I guess I get scared and that's why
I act like such a fool
'Cause you're the one thing I can't lose
I feel the tears coming and I wanna cry
I think of us, baby, and all the love inside
Comes shining through
And it always leads me right on back to you
'Cause nobody's ever loved me
Like you
And I was born to be your man
Forever
Forever, baby
Yeah, and I feel the tears coming and I wanna cry
I turn the car around and put it in drive
And I know what to do
I'm gonna come on back, come on back to you, yeah, yeah
Oh, oh baby, I'm gonna come on back, come on back to you

'Cause I can't live without you, I can't breathe without you
Yeah, and I'm nothing, I'm nothing without you, yeah
I was a fool, I was a fool, baby
