Dig

Rustic Overtones

(D. Gutter)
I live and i love and I give to the
day I burn, I'll wait my turn
for this I will sit in this classroom
until I learn
You got to learn and dig and be dug in return
Will this water quench my thirst
or will it make me drown
will these ropes secure me
or will they tie me down
will this fire keep me warm
or is it gonna burn
Hey teacher I want to learn
-chorus-
I know that life is hard
if you ain't got lots of money or a
credit card
you know it's gonna end but when
is it gonna start?
once you learn to dig you beat the hardest part
-chorus-
