

Who's Gonna Save Us

The Living End

Who's gonna save us? Who's gonna save us? Its all around me and I just dont understand
It seems all out of place now
And I know its late but you know what they say now Were under attack now, our work is all cut out
Whatever happened to your rights
And I know its late but you know what they say now Who's gonna save us
What they say now
Who's gonna save us So wheres the writing on the wall
Whos gonna save us? Whos gonna provide us?
Whos gonna divide us? Whos gonna save us? Were under powered now, trial devoured now
Step aside make way for the new leader
And its getting late but you know what they say now Who's gonna save us
What they say now
Who's gonna save us So wheres the writing on the wall
Whos gonna save us? Whos gonna provide us?
Whos gonna divide us? Whos gonna save us?
Whos gonna save us? Its all around me and I just dont understand
It seems all out of place now
And I know its late but you know what they say now
What they say now Whos gonna provide us? Whos gonna divide us?
Whos gonna provide us? Whos gonna divide? Wheres the writing on the wall?
Whos gonna save us?
Whos gonna provide us? Whos gonna divide us?
Whos gonna save us? Lookin' for the writing on the wall
Whos gonna save us?
Whos gonna provide us? Whos gonna divide us?
Whos gonna save us? Whos gonna save us? Whos gonna save us? Whos gonna save us?
Whos gonna save us? Whos gonna save us?
