

# If You Need Me

## Cheap Trick

Girl it's all right if it's one of those nights  
And you need me  
Swallow your pride there's nothing to hide  
Do you need me? Such a long long time I've been waiting for a sign  
Say you need me  
I've been dreaming of the day when I hear you say  
Say you need me I believe in you, you believe in me but I can't feel it in my heart  
So what's wrong with you, what's the matter with me  
And how come we're so far apart I can stand a little hurt and I can stand a lot of pain  
We can work it out all right if you need me Can we be serious can you  
And I keep a secret?  
Hold it inside between you and I  
Can you keep it? Been thinking of a way just to get you to say  
Say you need me  
Such a long, long time I've been waiting for a sign  
Say you need me I believe in you you believe in me but I can't feel it in my heart  
So what's wrong with you, what's the matter with me  
And how come we're so far apart I can stand a little hurt and I can stand a lot of pain  
We can work it out all right if you need me  
And I just wanna let you know that we don't have to let it go  
You know we can work it out all right if you need me
