

Big Black Hole & the Little Baby Star

Sean Hayes

Man you're always gonna find problems
That's just the way things are
Now how you choose to deal with them
Make problems what they are (Make problems what you are)Big black hole, open your mouth, you be suckin
'em in, he spittin 'em out
Big black hole, open your mouth, you be suckin' em in he spittin 'em out
ooh ah ooh ah ooh come on let my baby shine ooh ah ooh ah oohSpider in the galaxy
hid among the stars
waiting for a glimmering
to find out who you are
Spider in the galaxy
in between the stars
waiting for a shimmering
to find out where you are
gonna find out who you are
Big black hole, open your mouth, you be suckin 'em in, he spittin 'em out
Big black hole, open your mouth, you be suckin' em in he spittin 'em out
ooh ah ooh ah ooh come on let my baby shine ooh ah ooh ah ooh(instrumental)BUndle up my sweet thing
keep yourself warm
albert saw a monster
eating baby stars
and monsters are always hungry
thast what makes them monsters
thats what makes them monstersooh big black hole, come on shine baby shine
come on shine baby shine,
come on shine baby shine
your always gonna find problems,
thats just the way things are
now how you choose to deal with them
make problems what they are
make problems what you areooh big black hole, come on shine baby shine
come on shine baby shine,
come on shine baby shine
