

# Don't Look At Me

## Clawfinger

Why don't you want to talk to me does it feel easier to pass me by  
You read my face like I'm a fucking disgrace and you never look me in the eyes  
The truth is always easiest to ignore and that's why you walk the other way  
But is it really that hard for you to think of something comforting to say  
Don't look at me as If I'm different  
Don't look at me as If I wasn't there  
Don't look at me as If I'm no good  
Don't look at me as If you didn't care,as if I wasn't there  
You walk a little faster like you're trying to say that  
you really haven't got the time  
And when I put my hand out for a coin or two you just pretend that you've gone blind  
It seems hard for you to show any compassion for me but it wouldn't hurt for you to try  
Reality can be painfull but tell me have you ever wondered why?  
Don't look at me as If I'm different  
Don't look at me as If I wasn't there  
Don't look at me as If I'm no good  
Don't look at me as If you didn't care,as if I wasn't there  
You like to keep a safe distance from me to make sure  
that we never meet  
And just in case I might be dangerous you quickly turn and walk across the street  
You're so scared of the sight that you see that you decide to never understand  
Instead of judging me by the way  
that I look,accept me for who I am  
Instead of judging me by the way that I look,accept me for who I am  
Instead of judging me by the way that I look,accept me for who I am  
Instead of judging me by the way that I look,accept me for who I am  
Don't look at me as If I'm different  
Don't look at me as If I wasn't there  
Don't look at me as If I'm no good  
Don't look at me as If you didn't care,as if I wasn't there
