

Do It Like Me

Jordan Morris

We bout to turn this club up right now
Take your clothes off and let me get in now
Your body ready to stay
Pretty women let me show you how I want it
Just how I want it Ain't nobody do it like me
Rock your body, do it like me
Everybody, nobody, nobody can do it like me
Everybody wanna do it like me, ooh
Nobody can do it like me
Everybody, nobody, nobody can do it like me Girl I see you been looking, come on let's do it, do it
Be the drink with your man and let's get right to it
Hands up, hands up, let me grab that face and pull you closer
Closer, get closer, I bet you wanna,
Girl I know one thing, all I really wanna do is get you all alone
Can I take you home?
(Can I take you?)
You want the same things so baby can I get you on your own?
Baby, get you on your own Ain't nobody do it like me
Rock your body, do it like me
Everybody, nobody, nobody can do it like me
Everybody wanna do it like me, ooh
Nobody can do it like me
Everybody, nobody, nobody can do it like me I am the king, I am, I am the king in the jungle
I am the king, I am, I am the king in the jungle
I am the king, I am, I am the king in the jungle
I am the king, I am, I am the king in the jungle
I am, I am, I am
king in the jungle, king in the jungle, king in the jungle
king in the jungle, king in the jungle, king in the jungle Ain't nobody do it like me
Rock your body, do it like me
Everybody, nobody, nobody can do it like me
Everybody wanna do it like me, ooh
Nobody can do it like me
Everybody, nobody, nobody can do it like me Ain't nobody do it like me
Rock your body, do it like me
Everybody, nobody, nobody can do it like me
Everybody wanna do it like me, ooh
Nobody can do it like me
Everybody, nobody, nobody can do it like me
