Forever

The Muffs

(Verse)
I'm happy, as happy as I've ever been
And now you'll see my smile is so real
Ever wonder why you say bet not say because of you
And you're the one that I've been dreaming of(Chorus)
Look at me I'm smiling like I never did
I look at you and I can't help of thinking
That we're gonna be forever(Verse)
I'm finally gone with all the blind confusing fears
And all darn tears, and all that came before
And I'm looking up to see you and me
And now I'm out, I really know that it will be ok(Chorus)
Here I am just sitting here and feeling great
I look at you and now I cannot say
That we're gonna be forever
