Sundress

Swimmingpool The Band

Everybody's trying to be the best
What about the girl with loneliness
I like your sundress, I like your sundress
What about the girl with loneliness
From the inside out, you're so beautiful
I wanna hold you in my hand
I do everything you want me to
I do everything you want me to do
I wanna start going on a morning walk
What about the days when we used to talk?
I don't need a smile from a mannequin
I just wanna hold you in my hand
I do everything you want me to
I do everything you want me to
I do everything you want me to do
And from the inside out
You've changed, girl, you know you have
Don't make a good thing bad
Just let me hold you in my hand
I do everything you want me to
I do everything you want me to do
I do everything, everything, everything
I do everything you want me to
I do everything you want me to do
Do, do for you
