

Doomsday

Overseer

Beats! Bass! Beats!
Beats! Bass! Beats!The sound sinister
Administer ways to set the world ablaze
Tracks flamed
Untamed bass raps unchained
Overseer saw the skies turn grey
Doomsday tidal waves from the US to the UKBack against the wall
I stand tall
Face the grim
Blow decibels way past known levels
My method of madness is this
Sadness, gladness
All emotions evoked
Thoughts provoked
Beats come cloaked and daggered
Torn and tattered
Sleep the dreams
Dreams get shattered
Witness sound transformed to matter
Bone bone bone bone bone, flesh and plasmaBone, flesh and plasma
It's ironicBeats! Bass! Beats!
Beats! Bass! Beats!Bass raps unchained
Overseer saw the skies turn grey
Doomsday tidal wavesBass raps unchained
Overseer saw the skies turn grey
Doomsday tidal wavesAttack tracks rap phantasm
Kicks and snares hit
Inflict back spasm
Necks cracked detached from spines
Vertebrates and backs
I paint with language
Place my verse on canvasSip the spirits
Lyrics cause wayward shifts to crash like the sirens
I stalk concrete jungles and prides like lions
Standing top Mount Zion
Trying to reach heaven without dying
Riding sound waves like Poseidon
Clutch tight the trident
Bugles blare announcing his arrival

Overseer, overseeing
Carpe diem seize the day
Drum track echo twenty thousand leagues away
I fly Concorde cross Atlantic
Beats, bass chords cause panic
Horns forewarn the swarm
Melodies freeze planets
Hemispheres severed
Seas, trees shattered
Birds, bees scattered
Earth knocked off its axis
Forty-five degrees slanted
Arcane old spells
Wizadry repells
Lock, stock two barrels and a handful of shells
Rebellions quelled
Oceans swell
Thoughts prevail
Heaven or HellBass raps unchained
Overseer saw the skies turn grey
Doomsday tidal wavesBass raps unchained
Overseer saw the skies turn grey
Doomsday tidal waves
