

# Sean Flynn (Extended 'Marcus Music' Version)

## The Clash

You know he just heard

The drums of war

when the past

Was a closing doorThe drums beat into the jungle floor(Chorus:)

    Closing door

    Closing doorRain on the leaves

    soldier sing

You never hear anythingThey filled the sky with a tropical storm.(Chorus)

    You know he head the drums of war

    Each man knows what he's looking for
