

Calm Town

Dikta

it's a tongue-twisted tale
of two lovers who travelled in time
to a place where they met for the first timethey laughed and they cried and they tried to remember the years that
went by in a blink of an eye
when they criednothing should've gone right
couldn't hide
from each other and leave
'cause tonight
they are singing along
to the song they used to sing
when they were youngwalk away from this
pain you'll never miss
we must learn how to fall
on our owndance away with me
we will find the key
to a place we can call our homewhen they move to the music
they walk and they sing just to
catch their own breath as they step a bit closerin life there are no guarantees when it feels that your hearts beat
in sync what you have is the one missing link
