

Moron Bros

Rancid

Talkin' 'bout the Moron Bros
Tattooed fingers, tattooed toes They're idiots, they're losers, they're scum
Yeah, they'll take advantage of everyone
You're a dog, they're your fleas
Yeah, they'll do anything just to spread disease Drink your beer, take your drugs
They will leave you with microscopic bugs
Their company you surely won't miss
When your ashtrays are filled with piss Talkin' 'bout the Moron Bros
Tattooed fingers, tattooed toes They'll whine, they'll bitch
They'll fuck you if you're rich
They'll leach, they'll latch
They're like an itch, you can't scratch They are the Moron Brothers
Don't get along with others
They are the Moron Brothers
Don't get along with others Yeah, they may not go down in history
But they'll go down on your sister
