

# Outta Love Again

## Van Halen

Oh, woman and a woman, them are silly games you play, yeah  
Dealin' with your troubles drove me away  
Oh, well a sayin' that you're leavin', I don't want to hear that talk  
Stare at disbelief in me when I just up and walk  
Outta love (outta love) again, (outta love) ow, once again  
Oh, lovin' and a livin' and a treat me like a fool  
(Didn't you, didn't you?)  
You're doin' all you can to make me sad and blue  
Didn't you? Oh, well a sayin' that you're leavin', I don't want to hear that talk  
Stare at disbelief in me when I just up and walk  
Outta love (outta love) again, (outta love) ow once again  
Lovin' and a livin' and a treat me like a fool wow  
(Do you, do you, yeah)  
Uh doin' all you can To make me sad n' blue, wow  
(Didn't you?) yeah Oh, you're talkin' bout your leavin'  
I don't wanna hear that talk  
Stare at disbelief in me  
When I just up and walk  
Outta love (outta love) again (outta love)  
A-gi-gi-gi-gi-gain ow
