

Anywhere I Go

Kingdom Come

Oh, I can do anything
That I can do when I'm with you
This love, this love, this love
It's you I need and you I'm dreaming of I never felt nothing like this
I never felt nothing like this
I never felt nothing like this
I never felt nothing like this Anywhere I go I choose
Anywhere I go I choose to be with you
Anywhere I choose I go
Anywhere I choose I go but not alone
