Feeling Ungodly

DevilDriver

Heading death
Feeling ungodly
Searching for the melancholy
Time will tell
What's to come?
Tear down the sky
Worship sun
Calling out to some holy host
Exercise my holy ghost
Dream within
Dream on the doubt
Don't ever let the dream die outWhat went wrong before?
Was I hit this shit looking for loyalty
So air your grievance fuck!Check it out
It's a charmed life
On the chopping block
I'm gonna live until I die
Check it out
It's a charmed life
On the chopping block
You better live until you die
Blood was spilt
Through the words that kill
They're meant for you
So bet it all
War with wolves
A war of words
Meant for you
So bet it all
Calling out to some holy host
Exercise my holy ghost
Dream within
Dream or the doubt
Don't ever let the dream die!What went wrong before?
Was I hit this shit looking for loyalty
So air your grievance fuck!Check it out
It's a charmed life
On the chopping block
I'm gonna live until I die

Check it out
It's your charmed life
On the chopping block
You better live until you die
Blood was spilt
On the chopping block
Your charmed life so live until you die
Charmed life is on the chopping block
It's a charmed life
I'm gonna live until I dieI got you out of my life
That was the dream
It's your waking reality!
I got you out of my life
It's your waking reality
You lose the fame!You lose the fame!
It's your waking reality
It's a war with words
Call it like I see it
The stench stains my veins
Check it out
It's a charmed life
On the chopping block
I'm gonna live until I die
Check out
It's your charmed life
On the chopping block
You better live until you die
Blood was spilt
On the chopping block
Your charmed life so live until you die
Charmed life is on the chopping block
It's a charmed life
I'm gonna live until I die
