

# Funny Little Tragedy (feat. Elvis Costello)

## Gov't Mule

Life has finally shown you  
It's a mean old world  
The killer little soldier  
Is now a scared little girlAlways had everything  
Just handed to you  
Always had it your way  
I got to hand it to youAnd seeing you now  
All broken down, I gotta sayIt's a funny little tragedy  
A funny little tragedy  
A funny little tragedyYour standing on my doorstep  
You say you've got nowhere to go  
You're all soaking wet  
I've never seen you so lowSorry if I don't fall  
For your tricks again  
But I seem to recall  
The way you did me inAnd now your new lover  
Has left you high and dry, I gotta sayIt's a funny little tragedy  
A funny little tragedy  
A funny little tragedyYeah I dream about this day  
Seeing you go down this way  
That's all I got to sayMaybe some day  
If I see you again  
Things will be different  
And we can be friendsBut for now I believe  
You better walk away  
The little soldier and me  
We go our separate waysI can watch you walking  
Tears running down your faceIt's a funny little tragedy  
A funny little tragedy  
A funny little tragedyYeah, I dream about this day  
Seeing you down this way  
That's all I got to say
