

Walk of Life

Spice Girls

I'm steppin' out into the walk of life
Hold tight, the vibe is right
Feel the heat that's in the air
People watchin' everywhere
Rush hour, slow it down
Stop and listen to the summer sound
Playing in the park and street talkin'
London Town is walkin', walkin'
London Town is walkin'
I said, "It's really talkin', yeah"
Steppin' in the walk of life
I said, "Makin' out the walk of life
London Town I'm stalkin'"
I said, "I'm really walkin', yeah"
The sun goes down and the lights come up
So we move on to a club
Surround yourself with the feel-good groove
People dancin' everywhere
Make your move go, turn it up
Rockin' rhythm at the rasta club
Singin' in the dark and heart thumpin'
London Town is thumpin'
I said, "It was jumpin'"
London Town is walkin'
I said, "It's really talkin', yeah"
Steppin' in the walk of life"
I said, "Makin' out the walk of life
London Town I'm stalkin'"
I said, "I'm really walkin', yeah"
Zing zinga zinga zing zinga zinga
Zing zing zinga zinga zinga zinga
Zinga zah
Zing zinga zinga zing zah
Zing zah ha ah
The sun is risin' but we haven't slept
I'm not ready to rest my head yet
Huddle close till you get no air
See the crew down Leicester Square
Night-crawlers morning dew
People watchin', is it you?
Jump the bus and fell hoppin'
London Town is still buzzin'
Oh, it's really buzzin', yeah
London Town is walkin'
I said, "It's really talkin', yeah"
Steppin' in the walk of life"
I said, "Makin' out the walk of life
London Town I'm stalkin'"

I said, "I'm really walkin', yeah" London Town is walkin'
I said, "It's really talkin', yeah
Steppin' in the walk of life"
I said, "Makin' out the walk of life
London Town I'm stalkin'"
I said, "I'm really walkin', yeah"
