Follow You Down

Gin Blossoms

Did you see the sky I think it means that we've been lost

Maybe one less time is all we need

I can't really help it if my tongue's all tied in knots

Jumping off a bridge it's just the farthest that I've ever been and Anywhere you go, I'll follow you down

Anyplace but those I know by heart

Anywhere you go, I'll follow you down

I'll follow you down, but not that farI know we're headed somewhere, I can see how far we've come

But still I can't remember anything

Let's not do the wrong thing and I'll swear it might be fun

It's a long way down when all the knots we've tied have come undoneAnywhere you go, I'll follow you down

Anyplace but those I know by heart

Anywhere you go, I'll follow you down

I'll follow you down, but not that farHow you gonna ever find your place?

Running in an artificial pace

Are they gonna find us lying face down in the sand?

So what the hell now, we've already been forever damnedAnywhere you go, I'll follow you down

Anyplace but those I know by heart

Anywhere you go, I'll follow you down

I'll follow you down, but not that far Anywhere you go, I'll follow you down

Anyplace but those I know by heart

Anywhere you go, I'll follow you down

I'll follow you down, but not that farI'll follow you down, but not that far

I'll follow you down, but not that far
