

Talkin' About

Haley Reinhart

We left our clothes in Rio
It was a well known affair
It was the unspoken language
Saying love me if you dare
The good past is never dead
So don't you bring me down
When that luck is on your
side boy
You got to keep it hanging 'round
If you want it
You can have it
If you like what you see
Well you can grab it
You know the way I live
I ain't mad at it
I said honey it's time to funk
If you want it
You can have it
If you like what you see
Well you can grab it
You know the way I live
I ain't mad at it
I say
That's what I'm talkin' bout(Talking about) 6x
Wearing next to nothing
Got those bedroom eyes on
When you got it keep it coming
Rack me up like Al Capone
'Cause babe I'm on a winning
streak
You can find my name in lights
Yeah I pay my debt in diamond
rings
Let me live before I die
If you want it
You can have it
If you like what you see
Well you can grab it
You know the way I live

I ain't mad at it
I said honey it's time to funk
If you want it
You can have it
If you like what you see
Well you can grab it
You know the way I live
I ain't mad at it

I say
That's what I'm talkin bout(Talking about) 6x
Give it to me 4x
C'est l'heure de fonque 7x
That's what I'm talking about(Talking about) 6x
Give it to me 4x
