Suddenly (with Tony Braxton)

Richard Marx

It only took a moment
A solitary glance
And I could hear the voice of rapture call
I've loved you from a distance
Afraid to take a chance
But now it seems I cant't help but to fallImagine my surprise
To open my eyes
And find that you were looking backAnd suddenly
I cannot remember who I used to be
Like the rain this yearning washes over me
And all the pain I knew before is gone
Yeah, suddenly
I'm no longer drifting on a empty sea
Now I know that I believe in destiny
And mine is waiting right here in your armsI long to wake beside you
And battle in loves abyss
Washing all that's come before away
And in that frozen moment
As I receive your kiss
There will not be enough words to sayI wanna make you melt
Touch you like no one else
And do it all again a thousand timesI wanna make you melt
Touch you like no one else
And do it all again a thousand times
