

Rain

Mika

Is it really necessary
Every single day
You're making me more ordinary
In every possible way

This ordinary mind is broken
You did it and you don't even know
You're leaving me with words unspoken
You better get back 'cause I'm ready for

More than this
Whatever it is
Baby, I hate days like this

Caught in a trap
I cannot look back
Baby I hate days like this

When it rain and rain and rain and rains
When it rain and rain and rain and rains
When it rain and rain and rain and rains
When it rain and rain and rain and rains

More than this
Baby I hate days like

Trying to be ordinary
Was it me who was the fool?
Thought you found the man you wanted
'Til you turn him into something new

Well even if our minds are broken
There's something that I need you to know
It's nothing like the life we wanted
You better move on
Cuz I'm ready for

More than this
Whatever it is

Baby, I hate days like this

Caught in a trap
I can't look back
Baby I hate days like this

When it rain and rain and rain and rains
When it rain and rain and rain and rains
When it rain and rain and rain and rains
When it rain and rain and rain and rains

More than this
Baby I hate days like

(Spoken)
I'm not angry
Don't know what to do
After all the years that I spent with you
I can't blame you for the things you say
I was using you just to hide away

More than this
Whatever it is
Baby, I hate days like this

Caught in a trap
I can't look back
Baby I hate days like this

When it rain and rain and rain and rains
When it rain and rain and rain and rains
When it rain and rain and rain and rains
When it rain and rain and rain and rains

When it rain and rain and rain and rains
When it rain and rain and rain and rains
When it rain and rain and rain and rains
When it rain and rain and rain and rains

More than this
Baby I hate days like
