Haystak, Young Buck

25% of all men are unstable
25% of all men can't be faithful
30% of them don't mean what they say
and 10% of the remaining 20 is gay
That leaves you with 10% chance of ever finding your man
That means you better pay attention to these word that i say
Im gonna teach how to expose the 90%
And show you what to do to keep the other 10
(chorus)

STATISTICS

(verse 2)
15% of all men got a complex
15% of all men don't practice safe sex
20% of them are from homes without a father
so there's a 50/50 chance that you'll marry a coward
something to think about when you're taking a shower
something to swallow when you drink your bottled water
Im gonna teach how to expose the 90%
And show you what to do to keep the other 10
(chorus)
(bridge)
Be patient
He's waitin'
you dont gotta settle for less
leave all that stress alone
get you a backbone

stop being sorry for yourself
Chances make champions
It's gonna take patience
Time is still wasted
(chorus)
