

# Sleepy Man Blues

**Bukka White**

When a man gets trouble in his mind  
He wanna sleep all the time  
When a man gets trouble in mind  
He wanna sleep all the time  
He knows, he can't sleep all the time  
He's trouble won't worry mind, won't worry his mind I'm feelin' worried in mind  
And I'm tryin-a keep from cryin'  
I'm feelin' worried in mind  
And I'm tryin-a keep from cryin'  
I am standin' into sunshine  
To keep from weakin' down, keep from weakin' down I want somewhere to go  
But I hate to go to town  
I want somewhere to go  
To satisfy my mind  
I would go to town  
But I hate to stand around, hate to stand around I wonder what's the matter with my right mind?  
My mind keep me sleepin' all the time  
I wonder what's the matter with my right mind?  
My mind keep me sleepin' all the time  
But when I had plenty of money  
My friend would come around, would come around
