Bitter Tears

Ricocher

Do I see right from wrong?
Do I feel who's holding on strong?
Do I leave between the moments of youth?
And my search for the larger truth?

Can I salvage the wasted years?
Can I touch the dream of fears?
Can I tell you what I hear?
Wipe away the bitter tears

Still mourning for a cold lust
And no longer harnessed
Her hand on my shoulder gone ripped it apart
Still rember the last spoken words
It were bitter tears that froze my heart

Can I salvage the wasted years?
Can I touch the dream of fears?
Can I tell you what I hear?
Wipe away the bitter tears
