

Run (feat. Jennifer Nettles & Kristian Bush)

[Matt Nathanson](#)

I wanna watch you undress
I wanna watch you glow
Let your hair down
All around, and cover us both
You come in a waves
We crash and we roll
You surround me, pull me, drown me then swallow me whole
You turn, turn, turn, turning me on
Like a slow fire burn
I Know that it's wrong
Still I run, run, run, run right into you
Yeah, I run, run, run, run right into you
Oh oh oh
You pull me in close
And buckle my knees
I shake and I shiver just to feel you breathe
You trace my lines (You trace your lines)
Stirring my soul
Shoot sparks at the heart of the world and I watch it explode?
(I watch you yeah I watch you)
You turn, turn, turn, turning me on
Like a slow fire burn
I Know that it's wrong
Still I run, run, run, run right into you
Yeah, I run, run, run, run right into you
I'm amazing
When you're beside me
I am so much more
And I feel your fingers
Pound like thunder
And I am so much more
I am so much more
You turn, turn, turn, turning me on
Like a slow fire burn
I know that it's wrong
Still I run, run, run, run right into you
Yeah, I run, run, run, run right into you
You turn, turn, turn, turning me on
Like a slow fire burn
I know that it's wrong
Still I run, run, run, run right into you
I run, run, run, run right into you
Oh love oh love
Still I run, run, run, run right back to you
Turning me on
Like a slow fire burn
