# PiÃ±ata

## Ben Sultan

Well hell if I
Should decide
To give it more
A little effort
Well hell if I'm
Tempted again
One little fight
Replace by lust for you

I'll ask my curious side to follow you
To a bed of angels
Can't help this wandering eye
Well lucky you
The devil made ya (look)

Well I've never tried
Pulling you in
Lucky at last
Defending answers
It's almost like
You're breaking my piÃ±ata while I'm hinting
At my lust for you

I'll ask my curious side to follow you
To a bed of angels
Can't help this wandering eye
Well lucky you
The devil made ya look too far to the abyss
No bed of angels, mystified defines it best
The devil made ya look

So I'll ask my curious side to follow you
To a bed of angels
Can't help this wandering eye
Well lucky you
The devil made ya look too far to the abyss
No bed of angels, mystified defines it best
The devil made ya look
