

Hide & Seek

Sweet California

y comenta.

You got me standing here What's this about?

You said you wanted me without a doubt

Pushing and pulling now all the pieces don't fit

We tried so many times, I'm losing count

Going round and round make up your mind

You're taking way too long

Before the games you're playing make you blind

Come on, come on, come on

I don't know what you're looking for

Not playing hide and seek no more

It ain't one two three

Come find me

Not playing hide and seek no more

So what's it gonna be, where does your heart lie?

Do you think we'll make it to the other side?

Giving and taking and breaking promises

You can't keep covering up all of your lies

Going round and round make up your mind

You're taking way too long

Before the games you're playing make you blind

Come on, come on, come on

I don't know what you're looking for

Not playing hide and seek no more

It ain't one two three

Come find me

Not playing hide and seek no more

I don't know what you're looking for

Not playing hide and seek no more

It ain't one two three

Come find me

Not playing hide and seek no more

I don't need this love affair

take or leave me, I don't care

I believe in honesty

I won't play your hide and seek

I don't know what you're looking for

Not playing hide and seek no more

It ain't one two three

Come find me
Not playing hide and seek no more
I don't know what you're looking for
Not playing hide and seek no more
It ain't one two three
Come find me
Not playing hide and seek no more
