Say here's a little story that must be told
About two young brothers who got so much soul
They takin total control, of the body and brain
Flyin high in the sky, on a lyrical plane
It's just two bad brothers who will never quit
Mos Def and Tariq from the 2-1-5th
They rock beginnin to end, on a spiritual blend
And everybody who forgot then baby tell em again
It's just me and Tariq, with Ahmir on the beat

The Roots crew baby yo we got to make it unique
We got the soul-shockinest, body-rockinest
Non-stoppinest, Fortified Live survive the apocalypse
Rhymes we say, the perfect blend
Because we know how to rock when the beat come in
