

Disarm

Ben Rector

Will you disarm me oh I know
Won't you let me drop my guard?
And as hard as I may try
You're in my heart
Whisper something warm and soft and sweet
Which just so feels these words cannot complete
But you feel spaces, hollow places, things you cannot mend
So you let go, oh
And you let go, oh
Would you disarm me oh I know
Won't you let me drop my guard?
And as hard as I have tried
You're in my heart

I whisper something warm and soft and sweet
What this soul feels these words cannot complete
But you made spaces, hollow places, things I could not mend
So I let go, oh
And I let go, oh
So I let go of this
Well anything that hold me back, oh
So I let go, let go of this
So oh, oh, oh, oh
Let go oh, oh
Oh, oh, oh, oh
Let go oh, oh
Let go of it
