Sugarman

The Free Association

Oh how I love you babe
How I wish you were mine
I would candy coat you with my affection babe
And I'd love you all the time
All my love is so sweet
Almost good enough for you to eat
Not too big on thinking
Not so big I'm outta size
When you see how big is my lovin'
Honey youill finally realize that i'm
I'm your sugarman
All my love is so sweet

I got more candy for you babe
Than any man you'll ever meet
Some men bring you flowers
Some men diamond rings
Come into my candy store babe
I got everything
'cause I'm your sugarman babe
All my love is so sweet
Down deep I got a great big heart
From a (last sincerin'?) time that beats
You know I'm your sugarman babe
