

Que Sera

Ace of Base

They call to her from across the street
But they don't know her name
She's in the wrong place at the wrong time
Who's to blame?
She wonders how to change the life she's living
She wonders if she'll ever get away
As far as I can see, the writing's on the wall
There's no return, we live, we learn The game goes on and on and
Que sera
I like you but I don't really want to take you home
Que sera
It's a lonely life living on my own
Que sera
What's it gonna be, what's it gonna be? She left her home when she was seventeen
Simply disappeared in the rain
'Cause it was bad time so it was high time
She know she'd do it again
She wonders how she's going to make a living
She wonders if she'll make it through the day
As far as I can see, I've seen it all before
A lonely girl in a big bad world The game goes on and on and
Que sera
I like you but I don't really want to take you home
Que sera
It's a lonely life living on my own
Que sera
I like you but I don't really want to take you home
Que sera
What's it gonna be, what's it gonna be? I like you but I don't really want to take you home
It's a lonely life living on my own
I like you but I don't really want to take you home
Que sera
Que sera
Que sera
Que sera
What's it gonna be, what's it gonna be?
